

MULTIMAX MP 538 - Fiche de données

Description

Le MULTIMAX MP 538 est un pneu radial polyvalent spécialement conçu pour plusieurs applications et machines : les niveleuses et les chargeuses travaillant dans des conditions hivernales, ainsi que les chariots télescopiques, les véhicules universels et les balayeuses pour l'entretien des routes.

Grâce à sa robuste carcasse avec ceinture d'acier, le MULTIMAX MP 538 permet de transporter de lourdes charges y compris à grande vitesse. En outre, la conception unique de sa bande de roulement permet de maintenir une excellente traction sur la glace et la neige.
