

TR 390 - Spécifications techniques

Description

TR 390 est un pneu agro-industriel, adapté pour les remorques pour canne à sucre et les compacteurs. Le pneu TR 390 se distingue de par une capacité de charge élevée et une durabilité supérieure. La version « dual bead HD », à double bourrelet HD, est particulièrement adaptée pour les tracteurs industriels et les opérations de transport avec remorques, tandis que la version « dual bead HD special », spéciale à double bourrelet HD, est idéale pour les opérations de service pénible.
