

## LG RIB PLUS - Specifiche tecniche

### Description

LG RIB PLUS è uno pneumatico per prati e giardini adatto per l'utilizzo su tosaerba, piccoli trattori e spandivoltafieno. Il disegno del battistrada è stato appositamente progettato per fare in modo che lo pneumatico sia più delicato sul terreno, evitando di danneggiare il manto erboso agevolando al contempo la manipolazione. Il profilo arrotondato permette all'LG RIB PLUS di scorrere facilmente sul campo pur mantenendo la giusta aderenza.
